

## CANDLEWOOD SHORES TAX DISTRICT

All Board Position Nominees are expected to be present at time of vote. This year (2020) will be an exception due to virtual voting. All interested parties will have submitted a Board Interest Form for community review in advance of the vote. All Nominees, should they obtain a position, are aware they are making a commitment to the Board and the Community for 1 or more years depending on position and are expected to attend and participate in all meetings.

**Brief History:** I moved into Candlewood Shores after my husband and I fell in love with the area visiting family. We have only lived here less than three years. It was a very big decision for us to make this move, but we are very glad we did. I have a Bachelor's of Science in Business Management and Economics. I am a Human Resources Business Partner, which is more than HR functions. As a business partner I am also part of the strategic business continuity and development team for the company I work for.

**Why would you like to serve on the Board?** I served on the Board last year because there was no one interested in the Clerk position. I only showed up to vote, but when they asked for a volunteer and no one raised their hand I thought someone had to do it. I moved into a Director's position when a Board member resigned. Steve took over the Clerk's position, which I am so grateful for as he does a much better job than I did. I would like to continue to serve on the Board as I feel my background is a good addition to the current team. The current Board is multi-faceted, and each person brings something to the mix. This team wants to work toward getting things done and I agree with that. I feel that my people skills help move things forward because without communication we stall. I also would like to see and be part of better collaboration between the community and the Board. I feel my experience allows me to contribute toward finding solutions, rather than just talking around them. While not everyone will always be happy with all Board decisions, I feel we can at least all try to work together respectfully to create a better community.
